---

I am pleased to announce our new Systems Information Manager, Behrouz “Bruce” Milani. He has a Bachelor’s Degree in Computer Science programming and management. Bruce has worked in the high tech industry for over thirty years. He started his career as a programmer and managed data center in a high tech start up. Bruce has managed Global Computer Systems support organizations under IT infrastructure, which included (Systems and Hardware, Database, Network, Security, Data Center Operation).

Some of the companies that he has worked for are AMD, Spansion and Cypress semiconductor. At Spansion he introduced VMWare and helped grow the infrastructure team and expand to three different data centers and global support team covering USA, Europe and Asia.

In addition to his IT infrastructure experience, he has experience in Client Relations, Project management, Vendor Management, Outsourcing, Disaster Recovery, Contract Negotiation and Change Management. Bruce worked on several mergers and acquisitions and has helped with non-profit organizations.

When Bruce is not busy with work, his enjoyment and hobbies include being outdoors, walking, jogging and oil painting.

Bruce starts with EHSD on January 18, 2022, and will have an office at 300 Ellinwood in Pleasant Hill. Please join me in welcoming Bruce to the EHSD team.
