

Managing the Remote Worker in a Hybrid Workforce

Mandatory training for those who supervise staff working remotely

Presented by: Value Centered Solutions

THIS TRAINING WILL BE HELD VIRTUALLY

EHSD issued a new remote work policy in September. Managers and supervisors must implement the policy and learn to function efficiently and effectively while managing teams and staff members in a hybrid workforce. This course explores the benefits and challenges that come with the hybrid workforce and provides managers and supervisors helpful tips and effective strategies for implementing the policy and helping their staff stay connected, motivated, and productive. Included with this training will be the opportunity for managers and supervisors to receive live (virtual) coaching on specific challenges they may be dealing with.

Training Objectives: Strategies to implement the remote work policy - Tools to effectively manage a hybrid workforce - Communication strategies to connect your team
